## Meeting Minutes

Monday, July 17, 2006

7:00 PM

Village Hall

## Board of Trustees

*Village President Daniel J. McLaughlin*

*Village Clerk David P. Maher*

*Trustees Bernard A. Murphy, Kathleen M. Fenton, Brad S. O'Halloran,  
James V. Dodge, Jr., Edward G. Schussler, and Patricia Gira*

**2006-0417 Structural Inspections and Site-Specific Flood Protection of Flood Prone Homes**

Approval is being requested for Christopher B. Burke Engineering Ltd. (CBBEL) to provide professional engineering services for the structural inspection and site-specific flood protection elevation determination for the four homes that were bought by the Village as a result of the flooding in July of 2003. The homes are located at 15160 Royal Foxhunt Road, 15155 Windsor Drive, 14610 Westwood Drive and 14620 Westwood Drive.

The inspection/study will determine if the properties can be sold and is needed to evaluate the structural stability of the homes. If structurally unfit, it needs to be determined at what elevation new homes could be built to reduce the risk of flooding. If structurally sound, it needs to be determined what modifications would need to be made to provide an increased level of protection up to the site-specific flood protection elevation.

I move to approve accepting the proposal from Christopher B. Burke Engineering Ltd. of Rosemont, Illinois, for engineering services for the structural inspections and site-specific flood protection elevation determination for flood-prone homes in Orland Park in an amount not to exceed \$7,500.

And

Approve authorizing the Village Manager to execute the proposal.

**This Matter was APPROVED on the Consent Agenda.**

Respectfully Submitted,

/s/ David P. Maher
