

## Addendum #1

January 30, 2013

Clarification to Invitation to Bid – Two (2) Chevrolet 4WD Tahoe Special Service Package Vehicles dated January 21, 2013

Q1. Do you want four (4) sets of keys and fobs for each vehicle?

A1. Yes, we want 4 keys and 4 fobs per Tahoe programmed ready for use with key code specified.

Q2. On the gray wheels, my body shop said that the painting of the wheel is fine, but the center cap, being plastic, might not hold the paint well. What color gray do you want? Do you have a paint code in mind?

A2. The Village was unaware that the wheel color has changed to black. We will allow the factory black colored wheels.

Attached is a revised page to the Comply/Exception Form (page 26 of the Invitation to Bid). Please replace and include the revised page with your submission as well as this document.
