

Village of Orland Park 2023 Playground and Pavilion Assessment

*Assessment and Report Prepared by Studio GC
Report Completed January, 2024*

Village of Orland Park

2023 Playground and Pavilion Assessment

A Brief Overview of Playgrounds Village-wide

The Village of Orland Park owns and maintains fifty-five (55) playgrounds spread across sixty-six (66) park and facility sites throughout the Village. According to the 2020 NRPA Agency Performance Review, which highlights characteristics of America's local public park agencies, a community with a population range between 50,000 to 99,999 has on average one (1) playground for every 3,859 residents. With a population of roughly 60,000, the Village of Orland Park fares substantially better, with one (1) playground for every 1,090 residents.

According to the U.S. Access Board and the National Center on Accessibility, a typical public playground is designed to be in place for ten to twenty (10 - 20) years. It should be noted that while some Village playgrounds have surpassed that average life span, Village playgrounds are maintained to the highest possible safety standards. A Certified Playground Safety Inspector (CPSI) from the Public Works Department inspects and reports on each playground on a monthly basis and all hazards and other issues are addressed promptly.

The upkeep, repair and regular improvements to existing parks is a priority for the Village. It is vital that park properties are well maintained, meet current standards and accommodate the highest and best use for the public. Periodic assessment of the physical condition of parks is critical to the Village's ability to budget and implement priority repairs and improvements in an organized and timely manner. With this in mind, and as described in further detail below, the Village conducted its first assessment of its park system in 2019.

2019 Park Assessment

The scope of the 2019 Park Assessment was to review the playgrounds, sports amenities and other aspects of the majority of the parks in the system. The Assessment, completed in the Fall, 2019 by Certified Playground Safety Inspectors (CPSI) from Studio GC, included an assessment and "scoring" of each Village park. The focus of the Assessment's scoring was not on any one specific site amenity (i.e. playgrounds, pavilion, benches, etc.), but rather the condition of the park as a whole based on the categories of Security, Accessibility and General Condition. The 2019 Assessment provided a comprehensive look at the condition of the Village's parks and identified areas of focus over the next five (5) years.

Largely based on data outlined in the 2019 Park Assessment, the Village has renovated twenty-two (22) playgrounds since 2020 with an additional five (5) playgrounds are scheduled for renovation in 2024. The scope of work for each renovation has included new playground equipment, new engineered wood fiber (mulch), improved edge restraints, new site amenities (including pavilions) and ADA improvements. A summary of the playground improvements that were completed during this time is provided below:

2020 (only half of these playgrounds were renovated)

Bill Young, Cameno Real, Discovery, Pulte, Village Square, Wedgewood Estates and Spring Creek Estates Parks

2021

Bill Young, Cameno Real, Discovery, Village Square, Wedgewood Estates, Spring Creek Estates, Cachey, Ishnala Woods and Marley Creek Parks

2022

Brown, Eagle Ridge II, Heritage, Parkview Estates, Wedgewood Estates Parks

2023

Long Run Creek, Mission Hills, Newbury, Orland Woods, Perminas and Quintana Parks

2023 Playground and Pavilion Assessment

To further understand the state of the Village's parks, the "2023 Playground and Pavilion Assessment" was completed between November, 2023 and January, 2024 by Certified Playground Safety Inspectors (CPSI) from Studio GC. In contrast to the 2019 Assessment, the 2023 Assessment focuses solely the condition of **playground and pavilions**. The goal of the assessment was to provide a roadmap for the next five (5) years (2024 – 2028) for playground and pavilion renovations.

Assessment Comparison

While not exactly comparing like-for-like categories, contrasting the 2019 "Score Average" and 2023 "Playground Score" provides an interesting comparison between the condition of the Village's playgrounds between 2019 and 2023, as summarized below and on the "Assessment Score Comparison – 2019 - 2023" chart (see next page of this report). It should be noted that the same scoring ranges were used in both the 2019 and 2023 Assessments (see below):

LEGEND	DESCRIPTION
0 – 2.50	Park is in need of upgrades/renovation
2.51 – 2.99	Park has some areas of concern that need to be addressed
3.00 – 5.00	Park is in good, to exceptional, shape.

PLAYGROUNDS

Overall Average - Playground Condition Score

2019: 2.82

2023: 3.56

Playgrounds with a Score of 2.50 or Below

2019: 39

2023: 16

PAVILIONS

Overall Average - Pavilion Condition Score

2019: Not Scored

2023: 3.56

Pavilions with a Score of 2.50 or Below

2019: Not Scored

2023: 4

The Village's 5-Year Capital Budget includes funding for sixteen (16) playground and ten (10) pavilion renovations between 2024 and 2028. As such, over the next five (5) years, the Village will focus on the playgrounds that received a condition score of 2.5 and below, which also happens to be sixteen (16) playgrounds. As far as pavilions go, efforts will be focused on renovating the four (4) pavilions that had scores lower than 2.5, but also converting asphalt roofed pavilions to metal roofed and adding pavilions to park locations that would benefit from their addition.

5-Year Playground and Pavilion Plan

The 2023 Playground and Pavilion Assessment will be used to help determine the location of playground and/or pavilion renovations in upcoming years based on funding outlined in the Village's 5-Year Capital Budget Plan. A summary of the number of playground and pavilion renovations budgeted in the 5-Year Capital Budget Plan is provided below:

2024 – Schussler Park + 4 Playgrounds + 4 Pavilions

2025 – Doogan Park + 3 Playgrounds + 2 Pavilions

2026 – 3 Playgrounds + 2 Pavilions

2027 – 3 Playgrounds + 2 Pavilions

2028 – 2 Playgrounds + 0 Pavilions

Based on the Condition Score from the 2023 Assessment, the following playground and pavilion renovations are proposed for 2024 - 2028:

2024

Playgrounds: Colonial, Frontier, Mallard Landing, Treetop and Schussler Parks

Pavilions: Brown (new), Cameno Real (new), Capistrano (replacement) and Country Club Estates (replacement)

2025

Playgrounds: Country Club Estates, Laurel Hill, Eagle Ridge III and Doogan Parks

Pavilions: Doogan (new) and Helen (replacement) Parks

2026

Playgrounds: Evergreen View, Grasslands and Helen Parks

Pavilions: Eagle Ridge III (replacement) and Evergreen View (replacement) Parks

2027

Playgrounds: Crystal Creek, Equestrian and Fountain Hills Parks

Pavilions: Frontier (replacement) and Veterans (replacement) Parks

2028

Playgrounds: Deer Point Estates and Wlodarski Parks

Pavilions: Crescent Park (depending on development plans for the Triangle)

It should be noted that Playground and Pavilion renovations are presented to the public and Recreation Advisory Board (RAB) on an annual basis, and as such, the proposed renovation list is subject to change.

Future Playground and Pavilion Condition Assessments

Regular assessments help the Village understand the condition of its assets and plan for the future. The plan moving forward is to continue to perform Playground and Pavilion Assessments on a 5-year cycle to ensure a current park conditions are understood and can be acted upon. In doing so, future actions and additional studies needed to maintain a positive trajectory for park resource conditions.

This map displays the Village of Orland Park, Illinois, with a grid system (A-M horizontally, 1-14 vertically). It identifies various parks and their associated project timelines. A dashed line separates Cook County to the north from Will County to the south. The map includes a key, a scale bar (0 to 2 miles), and the text 'Village of Orland Park, Development Services Department'.
